February is here and that means 3 things: Spaghetti Dinner is just around the corner, Registration begins for the 2017-2018 schools year and warmer weather is coming. The Spaghetti Dinner is a wonderful tradition in our STG community and is also an excellent time for our parents to earn some service hours. Please remember your service agreement to our school.

Registration for the upcoming school year will be sent home the week of February 27th. Please note, if a family has withstanding balances with our parish, school, angel care, or ECLC, they will **not** receive their registration packet till those balances are paid in full. It is vital that registration packets and fees are returned by **March 15** so that planning can begin for the upcoming school year. The learning environment at St. Gabriel is spreading throughout the Northland as we have had many prospective families visiting and meeting with me to gain more information about our school. As it has been said, the secret is out about our gem of a school. Each one of you already knows what an amazing school we have but the news is spreading quickly. Be sure to get your registration packets in early!!

## Jeans Day Clarification

When our school aged students have a jeans day, students must wear JEANS. No jeggings, sweatpants, or leggings are acceptable. If students do not have JEANS with pockets, then they can wear a different shirt and their uniform bottoms. Students must obey these "jeans day" guidelines or students will make phone calls home for a change of clothes. Thank you.

**Winter Weather Closing Procedures: REMINDER** Winter weather is here and I want to communicate our policy under new leadership. The whole school (2 years old-8<sup>th</sup> grade) **will close under St. Gabriel Catholic School.** The closing information will first be on KMBC-TV 9. Channel 9 will put out the closing notification to other channels, but tune into Channel 9 first. I will also send a school reach message via phones.

# Stem Challenge with LEGO, Session 1

Ages 7-12/Grades 2-5

Power up your engineering skills with Play-Well TEKnologies and tens of thousands of LEGOS. Apply real-world concepts in physics, engineering, and architectures through engineer-designed projects such as **Catapults, Pneumatic Cranes, Arch Bridges, and Battle tracks!** Design and build as never before and explore your craziest ideas in a supportive environment. An experienced instructor will challenge new students to engineer at the next level.

STG will offer an after school session **(\$64 for 4 session)** starting **April 12<sup>th</sup>-May 3**. They will meet once a week in the library from **3:20-4:50**. Please be watching for registration forms to come home.
